Education

- **University of Oregon**, Eugene, OR Graduated 2025
 - B.S. Computer Science
 - Business & Entrepreneurship Minor
-

Work Experience

- **Software Engineer Intern** at REFS Labs (refs.me) | Remote | Jan 2026-Present
 - Contributed across the full stack, including frontend features, backend services, authentication flows, third-party integrations, and internal tooling
 - Diagnosed and resolved server-side performance issues by redesigning feature flag evaluation to eliminate redundant processing
 - Built an automated data-import pipeline with provider failover, retry logic, and multi-layer deduplication to prevent duplicate records
 - Integrated data-import workflows with internal operations tools, including live progress tracking and automated completion notifications
 - Implemented product analytics using Google Tag Manager and GA4, including conversion funnel and custom scroll-depth tracking
 - Improved search indexing and sharing through JSON-LD structured data, dynamic sitemaps, robots.txt, and automated Open Graph image generation
 - **Director of Finance** at Delta Tau Delta Fraternity | Eugene, OR | Sept 2022-May 2023
 - Led financial management for an organization with a \$450K annual budget, overseeing budget creation and financial planning across multiple committees
 - Streamlined monthly dues collection for 100+ members while maintaining accurate financial records and financial reporting
 - Managed 30+ chapter-house subleases as acting subtenant, overseeing lease agreements and day-to-day administrative operations
 - **File Clerk** at Muzi & Associates | Irvine, CA | 2020
 - Digitized and organized legal documents with a high level of accuracy, ensuring files were properly categorized and easily accessible
 - Cross-checked and verified records with multiple teams to maintain accurate and up-to-date documentation
 - Maintained efficient filing systems while consistently meeting deadlines and demonstrating strong organization and time management
-

Skills

- **Languages:** TypeScript, JavaScript, Python, C++, SQL, Shell scripting
